# UNITED WE WIN

**CANCER IS BIG. US ONCOLOGY IS BIGGER.**

With US Oncology, cancer has met its match. As the nation's biggest cancer-fighting organization, we have more than 1,300 collaborating oncologists. More than 500 locations in 38 states. And we touch more than 850,000 Americans every year. All of which means we have more knowledge and experience to draw upon for every patient.

# UNITED WE FIGHT

**1,300 CANCER PHYSICIANS. ONE GOAL.**

US Oncology touches more lives than any other cancer-fighting organization in the country. That's more than 850,000 patients each year. And for every one of them, we are focused on one thing—stopping cancer in its tracks.

# UNITED WE HEAL

**AMERICA'S LARGEST CANCER RESEARCH NETWORK.**

All across the country, US Oncology participates in more than 200 clinical trials. Our research has contributed to the development of 39 cancer therapies approved by the FDA. So if you're looking for the latest cancer breakthroughs, look to the leader.

# UNITED WE STAND

**OVER 1,000 COLLABORATING ONCOLOGISTS. JOIN US.**

Introducing the United Network of US Oncology. We are America's largest network of community-based oncologists. We work together to advance the science of cancer care and realign reimbursement policies to reward quality care. And with our flexible options, there are more ways than ever to join us and stand strong together.
